Report of Principal and School Improvement Council

2007-2008 was an exciting school year at McCarthy/Teszler school. We accomplished numerous initiatives and have even more planned for next year. One very important initiative this year was the "Buddy Program." We tried to pair every class at McCarthy/Teszler with a class on a traditional school campus. The two classes met and shared a variety of experiences from visiting the apple farm, to participating in music class together to attending community performances together. This gave both groups a clearer vision of the challenges and the successes that can be had with cooperation and community support.

A challenge for our school is finding innovative ways to encourage family/parent participation, assistance in understanding the disabilities our students have, and continued support for programs implemented at school. We tackled this challenge by providing a variety of opportunities this year for parents: parent conference and workshop night, new phone communication system to keep parents informed of school happenings, information sent home about other agencies that provide help and support to children with disabilities, newsletter about school and individual class projects, updated web site, and participation in a Disabilities Awareness Fair at Westgate Mall. We saw participation and interest developing, and our hope is to have even more participation next year.

We developed new and revised some previous business community partnerships. We invited clubs or businesses to breakfast or lunch and shared our story. Those that we now have positive working relationships with are Kiwanis, Lions Club, Civitans, and a Women's Garden Club. Most have offered to assist in any way possible that will impact student and school success.

We concentrated on the instructional program and made changes that were needed. We added a new software package to our server that will allow the secondary division to have hands on access to up to date resources for teaching functional skills and assessing students for deficient areas. We updated hardware components where needed and made plans for new technology in several classrooms.

We encourage our students to be service minded and to look for ways they can make a difference in the community. This year we had several service projects: a canned food drive for the Greater Spartanburg Ministries, collected socks for the Children's Shelter, held a MS Walk and made a donation to the Multiple Sclerosis Association, raised money for a snow cone machine for the Miracle League and uniforms for Special Olympians, and had an armed service project. Our goal is for our students to experience the satisfaction of giving.

McCarthy/Teszler School continues to be a shining star in services to children with disabilities in Spartanburg County. Our students benefit from the support of the seven school districts and the community that acknowledge the need of a special comprehensive school and facility.
